Design Doc for Travel DIary

Name: Fan Zhou & Tianjing(Jill) Liu

Description

Travel Diary Platform is a digital space for travelers worldwide to document, share, and relive their unique travel experiences. With an intuitive interface, travelers can create personalized entries of their trips, include pictures, and share with others. Whether it's a weekend getaway or a year-long world tour, every journey has a story worth sharing.

User Personas & Stories

User Persona 1 - **Chris**:
Age: 28
Occupation: banker
Story: A 28-year-old avid traveler who loves backpacking. He wishes to keep a journal of his travels to reminisce about the adventures.

User Persona 2 - **Ana**:
Age: 28
Occupation: Professional Travel Blogger
Story: A 24-year-old travel blogger. She looks for platforms to share her detailed travel itineraries and stories.
